## RAWCS Rotahomes

Three members from our club (Caro, Peta and Mel) joined a team of 13 people from around Launceston who travelled to Fiji recently to volunteer on the RAWCS Rotahomes project.

Under the guidance of Chris Brown, the combined Launceston team were one of several working hard on building homes for the second section of Koriopita (or K2). On site there were around 85 volunteers from Victoria, Tasmania and New Zealand. One of the highlights was to see the homes that had been built on a previous trip by Peta and Chris (Rotary Launceston West). The home was surrounded by an established garden and was clearly valued, looked after and appreciated by the current occupants, It had withstood several cyclones - testament to the work of the Rotary volunteers. It was warming to see how a terrific community had developed around the houses with a general store, library and kindergarten now operating in the first section of Koriopita.

Once all members have returned from the trip, we will feature the project in more detail.

## International Convention

Thinking of going to Sydney for the International Convention in June 2014?

District have negotiated a special rate at an inner-city apartment complex.

Less than 5 minutes' walk from Wynyard Railway Station (Sydney, not Tasmania) - Free public transport for duration of Convention.

It would be great if all Tasmanian convention delegates could stay at the one location.

Please contact DG Bruce for additional details (0417 373 348).
